<b>(54) Title:</b> APPARATUS AND METHODS FOR CULTURING BIOLOGICAL MATERIAL  <div data-bbox="311 1199 1297 1682" data-label="Image"> </div>		
<b>(57) Abstract</b>  A method of providing a substrate with a textured surface comprising the steps of forming a mobile surface studded with a granular material on the substrate, setting the mobile surface and removing the granular material to leave a textured surface on said substrate, and apparatus for use in culturing micro-biological material comprising a substrate produced by such a method.
